| <b>TOTAL</b>             | <b>€11.691.000,00</b> |

# The great paths in the footsteps of history

Pursuing sustainable development thanks to a new and improved tourist offer, which encourages experiential tourism, strongly integrated especially with the sectors of agriculture, crafts and culture

To qualify the **tourist offer**  
and to improve cooperation  
between territories

To recover the **cultural heritage**  
as a factor for local development

**The great paths  
in the footsteps  
of history**

To modernize,  
diversify  
and develop  
the **farms**

To increase quality  
and innovation for **local  
businesses**

## 7 different actions

|                                                                |                |
